**Class Conference, Order of Presentation**

The following list gives a tentative order of presentation for the class conference. The four days for this conference are April 15, 20, 22, and 27.

This order was determined by the order in which we covered the material in class (and randomly within topics). Please let the professor know as soon as possible if you have a conflict with your assigned presentation slot. Adjustments will be made and posted as soon as possible.

Given the size of the class this year, each student has 15 minutes to present. Joint projects have 15 minutes per student. Please plan on speaking for about 10 minutes (per student), with 5 minutes (per student) for questions. To be fair to your classmates, I will have to cut you off if you run over.
