Class Conference, Order of Presentation

Here is the order of presentation for the class conference as determined randomly—with some constraints. The four days for this conference are April 15, 20, 22, and 27. Please let me know as soon as possible if you have any concerns about your assigned time slot.

Given the size of the class this year, each student has 11 minutes to present. Joint projects have 11 minutes per student. This is total time, including set-up and questions. Time limits will be strictly enforced.
