URBAN POLICY SUMMIT TOPIC ASSIGNMENTS

I have received a topic preference form from 26 of the 28 students in the class. Most students were assigned to their first choice. Five students were assigned to their second choice to even out the distribution across topics. The two student with missing forms were assigned to the first topic so that each topic would have seven students. Please let the professor know as soon as possible if there is a problem with your assignment.

Detailed instructions for the urban policy summit can be found on the class syllabus.
